Mr. and Mrs. John McClintock  
Clint Foundation Scholarship  
PMB 252  
1015 Atlantic Blvd.  
Atlantic Beach, FL 32233

Dear Mr. and Mrs. McClintock:

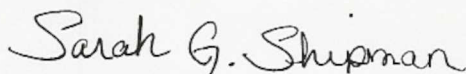

I would like to extend my sincerest thanks for my award of the Clint Foundation Scholarship. Your generosity is appreciated more than you know. My financial burden from loans is lightened upon receiving this scholarship, and I am indebted to your kindness.

This year, I am a Junior with a 3.64 GPA, majoring in History with minors in English and Business. I am a Student Ambassador for Flagler College, and I act as a bridge between prospective students and the college. I give tours of the campus and answer questions the students and their parents may have. It is a very rewarding commitment, as well as fun! I am also involved in Student in Free Enterprise, a club which supports the practice of Free Enterprise in America and countries around the world. We teach principles of Free Enterprise to students, among them Ethics and Fiscal Planning, important concepts students need to know before entering the world of work.

My hobbies include writing short stories and fiction, as well as horseback riding. I also enjoy tutoring students, which I did very actively in high school. I hope being a Resident Advisor helps me to return to actively helping students with their schoolwork, as well as helping them to adjust to college life.

I hope to graduate from Flagler College in April of 2005. My years here have been a blessing, and everything I had hoped to gain from a college experience. They have been made possible by my warm and supportive family and friends, as well as generous scholarship donors such as yourselves. I thank you from the bottom of my heart, and hope this letter finds you well.

Sincerely,

Sarah G. Shipman
