

Dear Mr. John McClintock,

Thank you for the generous donations that make the Leadership Rice summer mentorship program possible. Although my internship has not yet begun, I wanted to express my gratitude and appreciation for your sponsorship. I feel privileged to have this opportunity, and am very excited to begin the summer.

I am a student at Rice University in my first year of study. I will be working with the National Building Museum in Washington DC. under the guidance of Staci Lemmon. As a Mechanical Engineering Major with a strong interest in art, I am particularly interested in this organization's work. I am very excited to take part in this program because I believe it will equip me with the knowledge and skills to become a positive influence on the world.

I am certain that this summer will form an important part of my college education and will help prepare me for challenges ahead. The opportunity you are giving me through your sponsorship is truly special. I am deeply grateful to you and to the Clint Foundation for making this wonderful mentoring program possible.

Sincerely,

Cathy Schlenbach
